Licensed Auctioneers: Harvey G. Stack, #522763; Norman Stack, #798113.

TERMS OF SALE

1. This is a public auction sale conducted by licensed and bonded auctioneers. The principal licensed auctioneers are Harvey G. Stack, #522763 and Norman Stack, #798113.
2. **Each bidder, by bidding in the sale, agrees that a 10% BUYER'S CHARGE will be added to the "hammer price" or winning bid of each lot as determined by the auctioneer. This 10% BUYER'S FEE will be added to the invoice of each successful bidder over and above the actual sum bid or offered. The Buyer's Fee applies regardless of a bidder's affiliation with any group or organization, and is imposed on all bidders. Bidders also agree to pay all Postage and Insurance charges in addition to the sums bid. No lots will be delivered or shown at the auction.**
3. STACK'S is not responsible for your errors in bidding. Please bid on the correct lot.
4. All persons seeking to bid must have a catalogue and register to bid. The auctioneer may decline to recognize any bidder who does not have a catalogue and has not registered and been given a paddle number. Any prospective bidder may be required to establish credit references or submit a deposit of 25% of their bids. All new bidders should be prepared to establish credit with the auctioneer prior to registering to bid. By bidding in this sale, even if as an agent, or on behalf of a corporation or for another individual, a bidder personally guarantees prompt payment. STACK'S reserves the right to require payment in full before delivering lots to a successful bidder, and reserves the right to require the principals, and directors of any corporate bidder to execute a guarantee of payment (which, in any event they do by having an agent or employee bid in the sale) prior to allowing a bid to be placed or recognized. Bids are not accepted from minors. By bidding in this sale, the bidder certifies that they are of legal age, are authorized to make the bid that they make, and that the purchase is not a consumer credit transaction. **TITLE REMAINS WITH STACK'S UNTIL PAID FOR IN FULL.** Should purchaser take any action under Title 11 of the United States Code, or under any state insolvency law, buyer agrees to promptly return to STACK'S any lots not paid for. The buyer agrees to keep the lots fully insured until paid for. Risk of loss is on the buyer.
5. The highest bidder as determined in the sole discretion of the auctioneer shall be the buyer. If the auctioneer determines that a dispute has arisen between two or more bidders, the lot may be immediately put up and sold again. Bidders with whom the dispute previously arose shall be without further recourse for any damages whatsoever.
6. **IF YOU BID BY MAIL, MAIL YOUR BID SHEET EARLY.** In general, we start the bidding on each lot at a small advance over the next highest bid, and attempt to purchase the lot for you as reasonably as possible. When identical mail bids are received, preference is given to the first bid received, as determined by the auctioneer. A mail bid will take precedence over an identical floor bid, and a floor bidder must bid higher than the highest mail bid to be awarded any lot. The auctioneer reserves the right to refuse ridiculously low bids which he, in his sole discretion, feels are not made in good faith. The auctioneer reserves the right to open the lot at a reasonable price. The auctioneer shall also have sole discretion to set initial, and subsequent bidding increments, and to accept, or to decline to accept, challenges to those bidding increments. All bids not in whole dollar amounts may be rounded downward by the auctioneer. The auctioneer may open bidding on any lot by placing a bid on behalf of the seller, a mail bidder, STACK'S, or another participant in the sale. The auctioneer may bid further on behalf of the seller up to the amount of the reserve by placing successive or consecutive bids for a lot, or by placing bids in response to other bidders. The auctioneer may bid for his, or its, own account at any auction and may have access to information concerning the lots, and items contained in them, that are not otherwise available to the public. Estimates given are for the general guidance of the bidder and represent the opinion of the auctioneer as to the fair market value of the numismatic item at the time of cataloguing, based on experience and comparable sales, if applicable. The actual price realized may be higher, or lower than the estimate. If a lot is reserved, the reserve may not exceed the maximum estimated price.
7. Auction sales are not approval sales. In the event of non-payment by the buyer, STACK'S reserves any and all rights that it would be entitled to under the Uniform Commercial Code, including buyer's consent to file a financing statement without need of buyer's signature, and to offset any sums due on any future consignment or purchase or goods in possession of Stack's or assigns. Floor bidders are encouraged to carefully examine all lots on which they are interested in bidding prior to the sale. Floor bidders, and anyone actually viewing the lots, agree that except for reasons of non-authenticity, all viewed lots are sold "as is," and **NO LOTS PURCHASED BY FLOOR BUYERS** or those who have viewed the lots **MAY BE RETURNED.** All bidders agree to adhere to this rule, including those lots where the floor buyer is acting as agent for another, or those lots sold to mail bidders who have examined the lots. All items offered in this catalogue are guaranteed to be genuine and correctly attributed. Claims to the contrary must be made, in writing, within seven (7) days after receipt of the material.
8. No lot may be returned for any reason whatsoever without the prior written consent of STACK'S, or if it has been removed from its original container. Grading is a subjective description in the opinion of the cataloguer as to the state of preservation, method of strike, and overall appearance of a particular coin or

lot. The term "proof" or "specimen" is used to describe a method of manufacture, and is not a grade or condition or an attribution. Such terms are the opinion of the cataloguer and shall be deemed to be part of the description, and not an attribution. No warranty, whether express or implied, including a warranty of merchantability, is made with respect to such adjectival description, which can and do vary among experts. In most instances, STACK'S utilizes adjectival descriptions for grading, rather than numerical shorthand. An explanation of what STACK'S means by "Uncirculated," "Choice Uncirculated," and "Gem Uncirculated" appears elsewhere in this catalogue and is made a part of these terms and conditions of sale. STACK'S may utilize numerical descriptions, and may include in the auction numismatic items that have been graded or attributed by others, in which case it is so stated. No warranty, or guaranty, whether express or implied, including a warranty of merchantability, is made with respect to such numerical description, or attribution or grade of any third party, which can and does vary among experts. Unless otherwise stated, the lot offered for sale does not include any rights or claim against any third party with respect to such grade or attribution, or any guarantee by any third party.

9. The auctioneer and cataloguer, STACK'S, reserves the right to include its own material in any auction sale. The auctioneer may have direct or indirect interests in these, and other items, and may collect a minimum price in addition to the selling commission. This paragraph shall be deemed a part of the description of all lots contained in the catalogue. The catalogue shall also be deemed a part of any invoice issued by the auctioneer. The auctioneer may make loans or advances to consignors and/or prospective purchasers. The consignor may be permitted to bid on his, her or their own articles and to buy them back at the sale. Any buyer who bids on or purchases their own goods is required to pay for them, in full, as the terms of sale provide for together with the full buyer's commission, without rebate of any kind whatsoever. In accordance with the consignment agreement, settlement will thereafter be made.
10. Bids are so much per LOT. No lots will be broken up unless otherwise stated.
11. The auctioneer generally calls the sale of lots in their numerical sequence. Occasionally, through error, a lot will be put up out of its numerical order, in which case the auctioneer shall solely determine whether or not a hammered lot shall be re-offered, or if it shall be considered as sold. No bidder shall have any claim against the auctioneer, or STACK'S, for improper sequence of offering a lot.
12. Auction sales are strictly for cash and must be paid for promptly in U.S. funds. All bidders personally guarantee prompt payment. Checks are permitted with identification acceptable to STACK'S. **Our bank account number appears on the title page.** On any accounts past due, STACK'S reserves the right to extend credit and impose periodic charges as stated on the invoice or statement. Buyer agrees to pay the reasonable attorneys fees and costs required to collect on such past due account.
13. All lots delivered in New York State are subject to applicable Sales Tax. Buyer agrees to pay any sales tax, and any other applicable taxes that now, or hereafter, are found to be due by virtue of the sale, and to indemnify and hold STACK'S harmless for any sales or other taxes due thereunder, including reasonable attorneys fees and any interest or penalties assessed.
14. As a condition of bidding, bidder agrees that numismatic auction sales are unique in terms of their tradition and industry practices. Each bidder agrees that any claim or controversy arising out of this public auction sale shall be settled exclusively by binding arbitration under the rules of the Professional Numismatists Guild, Inc. ("PNG"). In the event that a dispute arises between STACK'S and a non-member of the PNG, this means that the American Arbitration Association, at New York, N.Y., shall have exclusive jurisdiction over the controversy. By bidding in this sale you agree to be bound by the arbitration provisions of the PNG, as described above. In all cases, the maximum liability of STACK'S for any item sold shall be limited to the official price of record of the item at this sale, without provision for consequential damages, or any other damages of any kind whatsoever, unless the PNG rules provide otherwise.
15. STACK'S warrants good title to the numismatic items sold in this sale. STACK'S agrees to reimburse any purchaser in an amount equal to the successful bid at auction plus any buyer's commission paid in the event that it is determined that the purchaser has not acquired title to the item. STACK'S expressly disclaims any consequential damages, and bidder consents to said disclaimer.
16. The auctioneer reserves the right to postpone the sale by auction for a reasonable period of time as a result of any significant event which, in the sole discretion of the auctioneer, makes it advisable to postpone the event. No bidder or prospective bidder or purchaser or prospective purchaser shall have recourse as a result of any postponement. In any event, no person may bid without registering, and ALL REGISTERED BIDDERS (including mail bidders and agents) by registering or bidding AGREE TO ALL OF THE ABOVE TERMS AND CONDITIONS OF SALE.

The Collectible Rarities Sale

Stack's June Sale this year is an unusual one in many ways. It consists in the main of an "old time" coin collection in the classic sense. Many of the pieces were acquired from Stack's as far back as the 1930's, and the names of other firms past and present are well represented. The collector himself pursued what we might call a "Red Book" approach, seeking the major date and mint combinations more than the minor varieties. In this he succeeded admirably. While many Uncirculated or Proof coins will be found in this collection, the majority of the pieces have seen honest circulation in the performance of their service as real money. The branch mints are heavily represented throughout the collection.

There is a selection of Colonial coins, including that cornerstone of Colonial numismatics, the Pine Tree Shilling. Large Cents include four of 1793, 24 of 1794, and dozens of later issues through 1814. The Three Cent Nickel set is complete, and the Three Cent Silver include Proofs from 1859 through 1873. Half Dimes, Dimes, and Quarters include date runs of the early years and expanded date and mint offerings of the later issues through the Barber period, as do the Half Dollars (which include both 1796 and 1797). Dollars start with a handsome 1794 with full stars left and right, and include numerous other early pieces (and three Gobrechts). The seated Dollars are complete save for the 1870'S'.

The heart of the collection, however, is the gold coins. We are forced to summarize:

The collection is rounded out by a major offering of United States Paper Money, beginning with nearly 100 lots of rarities and type notes. This, the final "floor auction session," is succeeded by a **Mail Bid Only section of more than 400 lots**, featuring 200 lots of National Bank Notes. In order to give the greatest possible opportunity to collectors of this fascinating field, Stack's has chosen the Mail Bid format since it allows us to offer notes individually rather than in group lots. Many extremely rare pieces are included.

In our opinion, this is overwhelmingly a **Collector's sale**, offering a vast array of rarities in many areas, and in affordable, collectible condition. We are confident that the collecting community will agree.

RARE 1855'D' GOLD DOLLAR

Lot No. 34

- 34 1855'D' One of the rarities of the series. Very Fine but plugged above the head just touching the bottom of the mintmark. The weakness at U in UNITED authenticates the piece.

VERY RARE 1860'D' GOLD DOLLAR

Lot Na. 52
(Enlarged)

- 52 1860'D' Extremely Fine and lustrous, coppery orange toning. UN softly struck as usual and correspondingly so on the reverse, proof of its genuineness. An important coin in great condition. Similar to the Kramer coin at \$3,500.00. (SEE COLOR PLATE)

- 53 1860'S' Extremely Fine, sharply struck and rarely seen this nice.

- 54 1861 Brilliant Uncirculated, full frost, some light bagmarks.

EXTREMELY RARE 1861'D' GOLD DOLLAR

Lot Na. 55

- 55 1861'D' Very Fine obverse, the reverse fully Extremely Fine. The UN in UNITED was strengthened. Had the "artist" taken a little time to do his homework, he would have found that **all** 1861'D' gold dollars are weak in varying degrees at UN. In any event, the coin is very attractive, with excellent surfaces. It is a little bright because of some polishing. Fortunately, the reverse was not harmed and is needle-sharp. Still a great rarity, worthy of a substantial bid.

Ex Stack's sale, March 1973, lot 765.

- 56 1862 About Uncirculated, frosty and choice.

- 57 1862 Another. Extremely Fine, obverse edge nicks.

(Enlarged)

- 69 **1875** About Uncirculated and choice. A wholly prooflike "First Strike." Superb orange toning. Tiny spine below the chin indicative of one of the 400 business strikes of which perhaps only 30 exist in all grades. Better than the Kramer example at \$3,800.00, this could and should bring \$5,000.00. (*SEE COLOR PLATE*)

- 70 **1876** About Uncirculated, prooflike surface. Coppery orange toning.

Lot No. 85
(Enlarged)

- 85 **1796 No Stars.** The first and only year of the type without stars on the obverse. Fine or a trifle better, but formerly mounted on the edge and neatly removed. EXTREMELY RARE 1846/4 QUARTER EAGLE

Lot No. 137

- 137 1846/4 Extremely Fine and choice, no damage or defect. An incredibly sharp impression. A blundered die on which the person punching in the date accidentally used a 4 instead of a 6, saw the error and correctly punched a 6 over the erroneous 4. The tip of the 4 can be seen at the left edge of the 6, precisely in line with the crossbar of the proper 4. Traces of the crossbar and vertical can be seen within the loops of the 6. A twin to or better than the Kramer example at \$1,600.00.

RARE 1846'C' QUARTER EAGLE

Lot No. 138

- 138 1846'C' Extremely Fine, struck from rusty dies. Some natural prooflike surface. A tiny nick on the neck. A great rarity in the Charlotte series. Lacking in the Kramer Collection.
- 139 1846'D' Extremely Fine but brightly polished (shades of Dr. Stoddard).

- 143 1847'D' Very Fine, light even wear. Pale orange toning.
- 144 1847'D' Another. Fine, formerly mounted on the reverse rim. The coin is wavy in spots.
- 145 1847'O' Very Fine, weakly struck, as are all.

RARE AND FAMOUS 1848 CAL. QUARTER EAGLE

Lot No. 146
(Enlarged)

- 146 1848 CAL. Strictly Very Fine, evenly worn, no defect or damage. The CAL's period is **square**, attesting to its genuineness. CAL. punched into the reverse above the eagle, done while the coin still remained in the die. *Mintage apparently 1,389 pieces.* Struck from the first shipment of California gold to reach the Mint. One of the most popular rarities in the entire gold series because of its commemorative status as well as historic significance. It is also avidly sought after by collectors of Pioneer and Territorial gold. (SEE COLOR PLATE)

IMPORTANT 1848 QUARTER EAGLE

Lot No. 147

- 147 1848 Obviously not in a class with the CAL. but a rarity in its own right. Extremely Fine and choice, slightly prooflike. This too was lacking in the Kramer Collection.
- 148 1848'C' A strong Very Fine, nearly a grade better. Always flatly struck, they certainly make grading difficult. Very scarce.

SENSATIONAL 1848'D' QUARTER EAGLE

Lot No. 149

- 149 1848'D' About Uncirculated, sharply struck and lustrous. A "perfect" coin with delicate orange toning.

- 153 1850'C' Extremely Fine, natural prooflike surface. A mounting was cleverly removed from the edge. **Rare.**
- 154 1850'D' Extremely Fine, lustrous. "Muddily" struck as usual. Quite a lovely example of this rarity.
- 155 1850'O' Very Fine, yellow gold.
- 156 1851 Extremely Fine, small reverse edge knock.

- 160 1852 Very Fine, even wear and well struck.
- 161 1852'C' Very Fine and struck on a rather decent planchet. A very scarce coin, in fact a good deal rarer than its mintage would indicate.

Lot No. 162

- 162 1852'D' Very Fine, a small edge dent caused a slight warp. Polished but still a rather decent example of this **rare** date.
- 163 1852'O' Very Fine, even wear and well struck.
- 164 1853 **Brilliant Uncirculated**, full lustre. Light bag abrasions.

EXTREMELY RARE 1853'D' QUARTER EAGLE

Lot No. 165

165 1853'D' About Uncirculated, sharply struck in deep greenish yellow gold. A first-rate example of this rarity. *Only 3,178 were coined, and few remain, especially in this condition.*

166 1854 Choice Brilliant Uncirculated, full mint lustre. Rich coppery russet toning.

167 1854 Another. About Uncirculated, toning similar to the last.

168 1854'C' A strong Very Fine, small obverse edge nick. The eagle weak as usual, as is brought out in David Akers' book. *Low mintage of 7,295.*

169 1854'O' Extremely Fine and lustrous.

170 1855 Extremely Fine, some light edge nicks.

171 1855'C' The obverse Very Good, the reverse Good, full borders. Evenly worn, no defect or damage. A **rare** coin, even so well worn.

EXTREMELY RARE 1855'D' QUARTER EAGLE

Lot No. 172
(Enlarged)

172 1855'D' Extremely Fine and choice, perfect surfaces, edges and overall sharply struck. **A classic rarity from this mint.** Really a sensational specimen of this rarity. This is well worth the Guidebook listing of \$4,000.00, and could bring more, as this is the high end of the grade. *(SEE COLOR PLATE)*

173 1856 About Uncirculated, frosty and choice.

174 1856'C' Very Fine, formerly mounted on the rim. **Rare** only 7,913 were coined.

EXTREMELY RARE 1856'D' QUARTER EAGLE

Lot No. 175
(Enlarged)

- 175 1856'D' Only 874 struck. The lowest mintage of any coin from the Dahlonega Mint. **Extremely Fine**, with faint traces of lustre. Faint pinscratches before the nose. A splendid example of this great rarity. (SEE COLOR PLATE)

Note: The coins of the Dahlonega and Charlotte Mints cannot be graded using conventional standards. This cataloguer cannot recommend the books written by David Akers too highly, as they give the various striking techniques for each coin. For example, this coin is described as "all specimens that I have seen are very poorly struck, with flat stars, weak denticles and little or no detail on the head or on the neck and right leg of the eagle."

- 176 1856'O' Very Fine and choice. A very scarce and underrated little coin.
177 1856'S' Very Fine, the obverse stronger than the reverse.
178 1857 Extremely Fine, a slight scratch on the head.

MAGNIFICENT 1857'D' QUARTER EAGLE

Lot No. 179

- 180 1857'O' A strong, well struck Very Fine specimen.

Lot No. 181

- 181 1857'S' About Uncirculated and choice. A needle-sharp strike which is most unusual for the issue. Undoubtedly struck from new dies. Any early 'S' Mint is a rarity above Very Fine, as they are mostly seen Good to Fine.
182 1858 About Uncirculated and lustrous. A scratch on the head.

- 183 1858'C' Very Fine, the eagle weak as usual. Very scarce.
- 184 1859 Strictly Very Fine.

SPLENDID AND RARE 1859'D' QUARTER EAGLE

Lot No. 185

- 185 1859'D' The last year of quarter eagles from this Mint. **About Uncirculated**, considerable lustre. Sharply struck and here again a "perfect" coin. Exquisite pale orange and iridescent toning. A beauty, easily worth \$2,500.00 or more.

VERY RARE 1860'C' QUARTER EAGLE

- 190 1860'S' Very Fine, the obverse better than the reverse. Coppery toning.

SPLENDID 1863'S' QUARTER EAGLE

Lot No. 195

- 195 1863'S' About Uncirculated, frosty lustre, delicate cloudy toning. A rarity in this condition. Better by far than the Kramer example at \$9,500.00. In great demand by the date collector as the Philadelphia coin is almost uncollectible.

Lot No. 196

- 196 1864 Extremely Fine but neatly plugged above the head. The star reengraved perfectly. **Rare** even in this condition.

RARE 1865 QUARTER EAGLE

Lot No. 197
(Enlarged)

- 197 1865 **Proof**. 25 specimens struck. A rubbing in the field, but most of the surface is reflective, with natural cloudiness. High wire edge. Other than the rubbing in the field, the coin is free from any defects or damage. One of the great rarities of the series. (*SEE COLOR PLATE*)

RARE 1867 QUARTER EAGLE

- 202 1867'S' Very Fine, coppery orange toning.

Lot No. 203

- 203 1868 About Uncirculated, some edge scraping on the reverse edge in the upper left quadrant. The purpose escapes this cataloguer, as the coin was not mounted. Fully prooflike and lustrous, with an absolutely natural appearance.
- 204 1868 Another. Extremely Fine, sharply struck but brightly polished. Very scarce, *only 3,600 were struck*.
- 205 1868'S' A strong Very Fine, small nick at the fifth star. Coppery toning.
- 206 1869 Extremely Fine, but like the 1868 this too was brightly polished. Another low mintage item.
- 207 1869'S' A strong Very Fine, some coppery toning. Nearly a grade better.

Lot No. 208

Lot No. 221

- 219 1876 About Uncirculated, frosty and prooflike. Really a rarity in this condition, rarer than the 4,180 business strikes would suggest.
- 220 1876'S' Very Fine, small reverse scratch. **Rare**, low mintage of 5,000.
- 221 1877 Extremely Fine, natural prooflike surface, small nick on the jaw. A handsome example of this rarity, 1,630 coined as business strikes.

Lot No. 228

- 228 1881 *Only 640 struck*. **Brilliant Uncirculated** and prooflike with but the faintest frost about the periphery. Some light hairlines but absolutely Mint State. **This is not a Proof**. One of the very few Mint State specimens extant! A beautiful example that will undoubtedly set a new record for the date.

SPLENDID 1869'S' EAGLE

Lot No. 685

- 685 1869'S' Extremely Fine, prooflike lustre in the devices. A very sharp strike including the minute mintmark. Rich coppery toning in the devices. Only eight records of sale in this grade or better in Akers' survey.

Lot No. 686

- 686 1870 Extremely Fine, deep yellow gold with lustre in the protected portions. *Only 4,025 were coined including Proofs.* A very important coin, easily worth \$1,000.00.

POPULAR AND VERY RARE 1870'CC' EAGLE

Lot No. 687

- 687 1870'CC' The first year of issue of the Carson City Mint. Just Very Fine, a few unimportant circulation marks. One of the most popular and rarest coins of the series.

Lot No. 688

- 688 1870'S' Extremely Fine. This too is a remarkable strike. Much mint lustre is apparent under the lovely golden orange toning. Better in strike than the Kramer coin at \$2,000.00.

RARE 1871 EAGLE

Lot No. 689

- 689 1871 Extremely Fine, splendid golden orange toning. Numerous tiny contact marks and faint tooling behind the eagle's head. Prooflike lustre in the devices. *A mere 1,790 struck for circulation.*

RARE 1871'CC' EAGLE

Lot No. 690

- 690 1871'CC' Just Very Fine, deep russet toning. A well struck example of this rarity, with all devices clear and sharp.

Lot No. 691

- 691 1871'S' Strictly Fine, even wear, no defects or damage. Orange and russet toning. An attractive example of a very scarce coin.

Lot No. 692

- 692 1872 Fine. There is a suspicious bagmark and scratch in the area of the mintmark. The coin has also been lightly cleaned. **SOLD AS IS.**

Lot No. 693

- 693 1872'S' Extremely Fine and a lovely specimen despite a small hairline on the obverse at the nose. The Kramer coin, Very Fine with a bruise, realized \$850.00. Really quite a **rare** date.

IMPORTANT 1873'CC' EAGLE

Lot No. 694

- 694 1873'CC' Strictly Very Fine, light even wear. This date is always weakly struck about the curls around Liberty's face, which makes for difficulty in grading. This specimen is really a splendid example of this great rarity.

Lot No. 695

- 695 1873'S' Extremely Fine, lightly cleaned, a small bagmark on the lower loop of the mintmark. **Rare.**
696 1874 About Uncirculated, considerable prooflike surface. Sharply struck and attractive.

Lot No. 699

- 699 1875'CC' Extremely Fine, bluntly struck, as are all. In great demand by the series, 'CC' and date collectors, as the Philadelphia issue is really non-collectible.

EXTREMELY RARE 1876 EAGLE

Lot No. 700
(Enlarged)

- 700 1876 One of the great gold rarities of the entire series. Only the 1875 has a lower mintage than this date. **Extremely Fine**, nearly a grade better. Considerable prooflike surface. *Only 687 were coined as business strikes!* A superb impression with russet and iridescent toning. Lacking in our Kramer Sale and almost every sale of note. (SEE COLOR PLATE)

Lot No. 701

Lot No. 702

- 701 1876'CC' **Extremely Fine**, sharply struck. Polished to a mirror-like brilliancy. Greenish yellow gold with a coppery tint. A **rare** coin, seldom seen this nice, even though polished.
- 702 1876'S' **Very Fine**, even wear, no defect or damage. *Only 5,000 were struck.* What is really curious is the extremely low issuance of this date and mint quarter eagle (5,000), half eagle (4,000), eagle (5,000), and then the incredibly huge amount of double eagles (1,597,000).

VERY RARE 1877 EAGLE

Lot No. 703
(Enlarged)

- 703 1877 A magnificent coin. **Extremely Fine** and choice, virtually a grade better. Dazzling prooflike surface with tiny circulation marks consistent with the grade, and magnified by the surface. *Only 817 struck*, including Proofs. A **major rarity**, especially so in this extraordinary condition. A bid of \$5,000.00 would be reasonable for the coin. (SEE COLOR PLATE)

RARE 1878'CC' EAGLE

Lot No. 707

Lot No. 708

- 708 1878'S' Extremely Fine, choice and lustrous. If any coin could be called a "sleeper" this is the number one candidate for that dubious honor.
- 709 1879 Extremely Fine, prooflike surfaces in the devices.

VERY RARE 1879'O' EAGLE

Lot No. 710

- 710 1879'O' *Mintage only 1,500.* Very Fine, small reverse edge nick. Obviously a **rare** coin, even in this worn condition.

VERY RARE 1883'O' EAGLE

Lot No. 727

- 727 1883'O' Extremely Fine but polished to a mirror-like brilliance. (Here again, shades of Dr. Stoddard.) A very rare coin, as *only 800 were struck*, hardly worth the time, effort and energy needed to make up and set up the dies for striking as well as cutting and upsetting the planchets.
- Note: The cataloguer has used the name Dr. Stoddard a few times. Dr. Stoddard was a dentist who wanted uniformity in his gold collection. Therefore he polished Proofs as well as branch mints to all look the same. His work started in the middle 1930's and was delayed by the war and continued to about 1948.*

(Enlarged)

The 1792 Half Disme is generally conceded to be the first issue of the U.S. Mint in Philadelphia. It was designed and engraved by Robert Birch and, as numismatic tradition would have it, was minted from the silver from George Washington's own personal silverware. Over the years it has also become part of numismatic lore that the figure of Liberty is actually a portrait of Martha Washington. Only 1,500 to 2,000 specimens were struck and most surviving pieces are well worn; G-VG is typical and Uncirculated specimens are very rare.

U. S. SILVER DOLLARS

EXCEPTIONAL 1794 SILVER DOLLAR

Lot No. 1998
(Enlarged)

1998 1794 Bolender 1. Only one variety for the first year of silver dollars. A strong Very Fine, nearly Extremely Fine (in fact sold as Extremely Fine). A truly exceptional specimen in that it is perfectly balanced including **stars left and right**. Rarely are the left stars as strong as the right. The coin is free from defect or damage save for a small reverse rim dinge. It is toned a perfectly natural light gray with pale golden russet overtones. The current Guidebook lists it for \$25,000.00 in Very Fine. However, since this example is at the high end of the grade, it would not surprise this cataloguer if it realized double, and then some! It truly is a breathtakingly beautiful coin for a circulated grade. (SEE COLOR PLATE)

Lot No. 1999

1999 1795 B.6a. Flowing hair, three leaves below each wing. **The coin is really a curiosity.** It was painstakingly reengraved on the hair as well as the eagle's breast. The work was done with consummate skill, and obviously by a master. At first glance one might say "something bothers me - but what?" It really is quite a handsome conversation piece. Lovely pinkish gray toning.

Lot No. 2000

- 2000 1795 B.14. Draped bust. Bust not centered. Very Fine, even wear. No damage or defect. Pale russet and gray toning.

Lot No. 2001

- 2001 1795 B.15. Draped bust. The bust centered, certainly aesthetically more pleasing. A strong Very Fine, some light planchet adjustment marks on the lower reverse edge. Splendid gray and light iridescent toning.

Lot No. 2002

- 2002 1796 B.4. Small date, large letters. Very Fine, nicely struck and balanced as well as being perfectly centered. The obverse stronger than the reverse, as is always the case. Pale gray toning.

Lot No. 2003

- 2003 1796 B.5a. Large date, small letters. A strong Very Fine and like the previous lot, well struck, centered and balanced. Russet and light iridescent toning.

Lot No. 2004

- 2004 1797 B.3. Stars 10x6. Extremely Fine, slight weakness in the centers as usual. Faint planchet adjustment marks in the central obverse. A lovely, bright specimen with faint pink toning. Quite rare in this condition.

RARE 1798 SMALL EAGLE SILVER DOLLARS

Lot No. 2005

- 2005 1798 B.1. The obverse with 13 stars. Small eagle reverse. Strictly Very Fine, here again the obverse stronger than the reverse. **Rare.**

Lot No. 2006

- 2006 1798 B.2. The obverse with 15 stars. Small eagle reverse. Fully Very Fine or perhaps even a higher grade. The reverse weaker than the obverse but naturally so, as this reverse die was used in 1795, 1796, 1797 and finally in 1798! Russet gray and iridescent. **Rare.**

IMPORTANT NOTICE

In accordance with the terms of sale, each successful bidder also agrees to pay a buyer's charge of ten percent (10%) of the winning bid recognized by the auctioneer.

2012 1799 B.9. Fine, formerly cleaned. Now starting to tone to russet hues.

Lot No. 2013

2013 1799 B.11a. The "no berry" reverse. Actually there is one tiny stem. Very Fine, nearly Extremely Fine but **plugged** through the E. The retooling was done with exceptional care and is barely noticeable.

U. S. SILVER DOLLARS

- 2014 1799 B.16b. Very Fine but gives the appearance of a lesser grade because the die broke and mounded in several portions of the obverse.
- 2015 1800 B.14. The "Dotted date." Very Fine but neatly **holed** through the E in LIBERTY. There are a couple of obverse edge scrapes as well. A very nice coin nevertheless with splendid iridescent toning.

- 2021 1803 B.6. Large date. Very Fine, the reverse sharper than the obverse. A nicely balanced specimen. Medium gray with pink overtones.

UNIQUE TENAFLY, NEW JERSEY SHEET

- *2682 **Ch.8614.** FIRST NB OF TENAFLY. \$5.00. Fr.592. 1902 DB. **Uncut Sheet of 4 notes.** A **Rarity 6** bank, and the only note-issuing bank in Tenaflly. The only note sold publicly that we know of appeared in Christie's sale of the Saffin Collection, and only three or four notes are reportedly known aside from this unique sheet. The notes individually grade Very Good or so, all with heavy folds and internal splits. The sheet margins are quite ragged, with splits in the folds between notes. Nevertheless, the rarity of the bank and town, and the popularity of New Jersey nationals, will no doubt make this a hotly contested lot.

It's easy to bid by mail . . .

1. Check the sale catalogue against your collection for lots that you can use.
2. Note the lot numbers, and the prices you would pay, on the bid sheet. You will get them for less if competition permits.
3. Bids will only be accepted in even dollar amounts.
4. Mail your bid early. It is to your advantage.

We do the rest. Your bids will be entered in a competitive 'bid book'. The highest bid for any lot gets it, at just slightly above the next lower bid. In case of equal bids, the first received takes the lot.
